## *Internal Memorandum*

2010 MAY 11 P 1:10

**Subject:** *Correction to Planning Board Recommendation for ZRA 117 - Apiaries*

**To:** *County Council*

**From:** *Linda Dombrowski, Chair*  
*Howard County Planning Board*

**Date:** *May 10, 2010*

An error in wording was brought to the attention of the Planning Board in the Board's recommendation on ZRA 117 – Apiaries.

Page 5, Line 15 reads "Hives must be 75 feet from adjoining property line or dwelling other than the beekeeper". This should be changed to read "**Hives must be 75 feet from adjoining property line AND dwelling other than the beekeeper**". The intent of this recommendation was to ensure a minimum lot size upon which a bee hive could be placed inside the PSA and therefore remove townhouses and small lots from placement.

Thank you for the opportunity to rectify this error. The Board respectfully requests that you take this clarification into consideration when making a final decision on this case.
